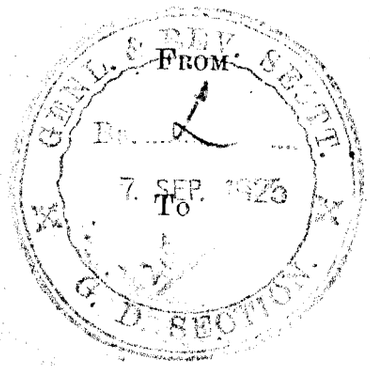
MYSORE MEDICAL DEPARTMENT

No. C.3091-6

Encl. One.

OFFICE OF THE SENIOR SURGEON
WITH THE GOVT. OF MYSORE,

BANGALORE, 7th September 1925.



FROM

B. Mahomed Usmon, Esq., L.M.S.,
Senior Surgeon with the Government of
His Highness the Maharaja of Mysore,
Bangalore.

1747

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Local and Legislative Departments, Bangalore.

Sir,

L. & L. 25-3

I have the honour to state that one G. Sivamma who was undergoing training in the Maternity Hospital, Bangalore, having been found to be a tuberculous patient was sent to the Princess Krishnjammanni Sanatorium, for treatment in June 1925. The Medical Officer of the Sanatorium reports that the patient expired on the 31st August 1925 and in her dying declaration has made over all her personal effects to be used for the patients of the Sanatorium.

I request that the Government may be pleased to sanction the acceptance of the articles (list enclosed) and to their being taken in the stock and used for the benefit of the patients, such of them as cannot be used, as they are, being auctioned and the proceeds credited to Government.

I have the honour to be,
sir,
Your most obedient servant,

Senior Surgeon.

C.E. HMK 1595 L.&Leg. 25

The course suggested may kindly be favoured approved.

(Legal Branch).

28/2/28.

I am not sure whether the order of the Secy, appd by the Member, directs a reference to this Branch. The Secy says that the Course suggested may be legally approved, meaning evidently that ~~it~~ there is no objection in law to the Course suggested by the Senior Surgeon — re the appropriation of the properties left by the deceased.

As the file has, however, been sent here for opinion, I may say that there are some technical objections to the Course. Some properties are in the Hospital & some in the house. If the transaction is treated as a gift, it is complete as regards properties in the Hospital, while it is not so as to the properties in the house, whose position is not known to the Deptt, because the document evidencing this transaction is not registered. If the document is treated as a will, a probate may have to be obtained before dealing with the properties. As the value of the properties is not much, and there is no indication of any claimants, the Course suggested by the Senior Surgeon may perhaps be taken, though strictly speaking certain formalities may be necessary.
